# Beet It!

HOPE FOR KIDS WITH CANCER

---

A plant-based diet has proven health benefits that help strengthen the immune system and aid in alkalizing the body. Here at **The Garden Juicery**, we want to help you activate the body in its ability to heal through raw, living food and drink.

Bring in this statement, signed by your doctor, and receive **ONE FREE GREEN JUICE** each and every day you come in until you are in complete and total remission.

I, \_\_\_\_\_ (doctor), encourage \_\_\_\_\_ (child patient),  
diagnosed with \_\_\_\_\_ (form of cancer), to regularly  
incorporate organic plant-based food and drink into his/her diet.

Signed \_\_\_\_\_

Date \_\_\_\_\_

This program is about more than juice, we care about you.  
Let us get to know you. May your body, mind, and spirit be healed.  
**Best wishes for your recovery from The Garden Juicery family.**
